

# ***Department 14-Youth Rabbits***

Classes in this department will be evaluated based on videos **AND** pictures. Videos should be no longer than 90 seconds and be continuous in nature with no narrative. The exhibitors should utilize the camera person as the judge, moving the animal away and around the camera person as they would in a show ring. The video should include all angles of the animal for a judge to make an evaluation. Exhibitor should be always in the video. Show clothes typical for industry is recommended. Rabbits traditionally shown with a running pose (i.e. Tans, Rhinelanders, Checkered Giants and English Spots) are required to submit a video along with up to six photos for both judging and showmanship. One photo of exhibitor and project is required. Additional photos recommended include: front view, back view, profile A and profile B. More information on how to take a good photo and video can be found at the [MSU Extension Virtual Learning](#) showcase and auction website. All videos must be uploaded to Youtube and link entered into faireentry. Youtube channel should be set to unlisted.
